Project Advisor Title, name and surname of the faculty member, E-Mail address

Summary A very short 50-word summary	Introduction Brief and concise presentation of the topic and problem Use visuals if possible
Subject Introducing one of the topics in the project content with visuals	Design Design drawings from your project
Experimental connection diagrams The experimental wiring diagrams, simulation models, flow charts, etc. that you design.	Simulation results Graphs and comments you get in the simulation
	Evaluation A brief evaluation of the results

The banner at the top can be downloaded from the section web page. The poster should be 60 cm wide and 80 cm tall.

You can use your own design for the page layout. The text should not get lost in the background color, it should look comfortable. There should be as little text and as many images as possible.

Lines between panes should not be visible.
