NOTE: The score types prioritized in placements are as follows; It was made based on the KTU-Foreign Student Exam and Tr- Foreign Student Exam scores, the foreign student exam scores held by other national universities, the international exam score defined in the KTU Directive on Admission of International Students, and finally the secondary school graduation score.

The formula $[(\text{Your current score}-100)/4]$ was used to convert the Tr-Foreign Student Exam score into a 100-point system. For example: If the Tr-Foreign Student Exam score is 300, its equivalent in the 100-point system is $[(300-100)/4]=50$.
